ABOUT US

WE LOVE WHAT WE DO AND WE WANT YOU TO LOVE IT TOO.

GreenWare Tech was established and licensed to provide electronic security, safety, IT services and ancillary technical support.

Over the years, GreenWare has serviced Warehouses, Corporate Bodies, The Retail Industry, Schools and the Real Estates Industry.

GreenWare Tech's activity aims to develop high-quality products along with meeting customers' needs and requirements with regard to the state-of-the-art technologies.

VISION

To be the most affordable and innovative technological solutions provider

MISSION

To be the most affordable and innovative technological solutions provider

OUR VALUES

Responsibility

GreenWare Tech takes responsibility for the quality of its services, for the expediency and soundness of the decisions made in the development process, for the fulfillment of its obligations, as well as for the confidence reposed by our customers, providing guaranteed maintenance of our software products.

Professionalism

For us, it means professional fulfillment of our obligations, based on a deep understanding of development processes, solid knowledge, and experience, compliance with safety requirements and ensuring absolute confidentiality.

Efficiency

Efficient distribution of time and material resources for the project, making expedient decisions, resulting in the development of a competitive software product. It is one of the basic principles of GreenWare Tech.

Communication

We provide instant support for our customers. We communicate where it is comfortable to you.

OUR PARTNERS

In order for our clients to receive the best possible solutions, GreenWare Tech has established solid business partnerships with the industry's leading IT vendors.

OUR CERTIFICATIONS

Our team holds a variety of tertiary certificates, diplomas, degrees, including qualifications in Agile practices, Scrum C, design principles and web accessibility standards. These are complemented by certifications in k2, Prince2 and PMBOK, as well as Microsoft MCP, MCAD, MSQL, MCSD, MCPD, MCSE, Cisco CCNA, Symantec STS, VMware VCP and VAP, EC-Council CEHv7, WatchGuard WCP, Fortinet NSE 2, LPT, TOGAF, Palo Alto – ACE,

Citrix CCEA and CCA. This extensive list proves they have the skills and knowledge to expertly work with the solutions we deliver.

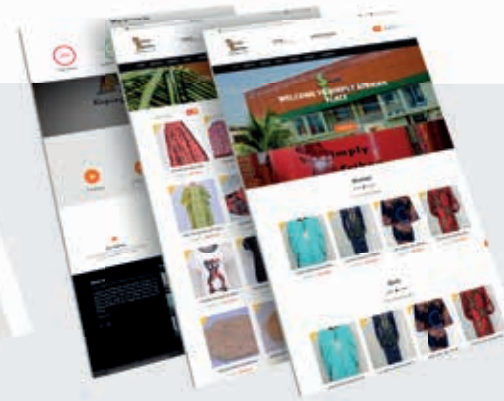

Maintaining a high level of partnership and certification allows GreenWare to continuously access best practice methodologies from vendors and incorporate it into our service offerings for the benefit of our clients.
